---

**ALL PRICES ARE F.O.B. OUR NURSERY**

---

Terms are strictly cash with order.

No. C.O.D. Shipments made.

---

No guarantee with plants except that they are true to names as I know them and in good condition when they leave the Nursery.

---

I have tried to follow the American Camellia Society listings.

---

Because it is best to move Camellias in fall and early winter I advise early ordering.

---

This is your opportunity to get superior plants at rock bottom prices. We have made substantial reductions as we must make room for our own introductions.

### *Camellia Diddy Mealing*

This is the second season this seedling has been offered to the trade. It has been extremely well received. The flower is fully double, rose-form, cream white in color with an occasional pink stripe—sometimes hard to find. The petals unfurl from a high center similar to a gardenia and is lovely either in bud or fully open. The bloom is the toughest one we know, is long lasting, does not shed its petals, and therefore makes an excellent corsage bloom. It is hard to shake from the stem. Camellia Diddy Mealing is an early mid-season bloomer. The flowers start opening in early December here at Look-Away.

4 yr. grafts, heavy, well budded	\$45.00-65.00
3 yr. grafts, heavy, some budded	\$35.00-45.00
2 yr. grafts, heavy, some budded	\$20.00-35.00
2 yr. grafts - 16"-22" in 5 gal. cans no buds	\$17.50

The larger ones will go to first orders.

### *Camellia Look-Away*

Camellia Look-Away is a sport of Herme developed by us and named for our place. We think this is the loveliest of all Hermes. The flower form and habit of growth is the same as Herme, but the color is most unusual. All the pink color is set at the throat of the flower and each petal is bordered with a wide white band, giving a most unusual effect to the individual flower or a plant with many open flowers. We are happy to be able to offer this mutation in the following sizes:

12"-22" in 1 gal. cans	\$7.50-10.00
A few larger grafts -	prices on request.

## FOR INTRODUCTION 1951

### *Camellia Patricia Mealing*

Very early bloomer · October to March. Flower variable loose to heavy peony · many rabbit ears. Color · unusual deep pink with satin glow.

### *Camellia Buddy Boy*

Midseason bloomer. Very heavy and deep peony. Color · deep pink bloom · 4 to 5 inches and 3½ inches deep. Has been admired wherever seen.

See our article in American Camellia Society year book 1950 for description of above varieties.

Paul Howard White 48"	40.00

## LOOK-AWAY GARDENS

---

Peony Flora 66"	35.00
Pearl Harbor 54"	45.00
+Pink Kagura 61"	45.00
Pink Star 40"	25.00
Rasenzome 40"	17.50
+Robt. E. Lee 72"	50.00
Rose Dawn 40"	15.00-17.50
St. Andre 40"	50.00
Sukiya 30"-35"	7.50
+Victor Emanuel 32"-40"	10.50-22.50
+White Giant 58"	32.50
+White Empress 50"	35.00
+White Queen 54"	45.00
Yezo Nishiki 40"	17.50

"+" indicates very heavy plants.

We have tried to price these plants individually, so size alone may not indicate quality. We have many good plants not listed that we must move to make room for our seedlings — such as Elegans, Victor Emanuel, Big Beauty, Alba Superba and Mrs. Freeman Weiss.

Comments of last years customers

California - "Camellia Diddy Mealing arrived in perfect shape."

New Zealand - "Camellia Diddy Mealing and Camellia Look-Away arrived in good shape."

Additional Correspondence - "Plants growing well. Have made new growth."

Supervisor of several gardens - "We like your plants because they grow much better than most others we have bought."
